### Mental Health Practitioner

---

**Gemma Holley**  
has been appointed as our  
Mental Health Practitioners

A Mental Health Practitioner is a Registered Nurse who has undertaken training specifically to support the mental health of patients.

The Role provides an alternative and complimentary source of primary healthcare alongside services traditionally provided by a General Practitioner.

### Mental Health Practitioner Role

The role combines advanced Mental Health nursing skills with clinical, diagnostic and treatment skills.

They have a prescribing qualification and are able to prescribe within their own clearly defined remit.

The Mental Health Practitioner provides assessment and treatment of patients 17 years and over. Children must be seen by a GP.

In order that you can be directed to the most appropriate clinician for your query please do not be offended if reception ask you the reason for your call.

- Low mood/depression
- Anxiety
- Bereavement
- Stress
- Self Harming & Suicidal thoughts
- Referrals and signposting will be made for therapies and people presenting with risks

You will be booked in for an initial triage call before a face to face appointment is arranged.

You will need to see a GP for the following

- ✓ Sick Notes
- ✓ Menstrual bleeding, mastitis, breast lumps,
- ✓ Women's Health
- ✓ Pregnancy related problems
- ✓ Headaches
- ✓ Men's Health (testicular lumps, prostate concerns)
- ✓ Repeat Prescriptions
